Prairie View vs Jackson College at Prairie
View (Father-Son Day) September 21

B. GREETINGS

Welcome to all new staff members and greetings to everyone as we begin another full term in our long and fruitful history. The year 1957-58 stands as a great challenge to each and everyone of us who comprize the staff of this institution. It is up to us as a "Team" to work together in meeting the challenges of a new year and to make this "the best" of all the years that have passed.

Good luck to all of you.

C. FACULTY ORIENTATION

The 19th Annual Faculty Orientation Conference is scheduled for September 4-7. The theme of this year's conference is "The Present and Future Role of Prairie View Agricultural and Mechanical College 1957-1975." Visiting speakers are Dr. C. C. Colvert, Chairman, Department of Educational Administration, University of Texas, and Dr. Clifford H. Ransdell, Assistant Dean, Basic Division, A. and M. College of Texas. Several staff members will participate in planning and execution of the program and on panel discussion groups.

D. FRESHMAN ORIENTATION

Freshman Orientation activities will get underway Sunday evening, September 11. There is not a more important time during the entire college career of these young people. Whatever contribution you are called upon to make in this program, it is sincerely hoped that you will give your best.

E. VOCATIONAL GUIDANCE

It is hoped that a good deal of attention will be given throughout all of our instructional areas to the greatly needed job of vocational guidance and counseling. Our young people are sorely in need of guidance in making occupational choices, and it is our responsibility as educators to help show them the way.

G. IN CLOSING

During 1957-58 thousands of opportunities will arise before each of you for effecting good public relations for the college in some degree. Even the most casual contacts tend to influence the public toward the college, either favorably or unfavorably. Every student activity and contact between members of the staff and the student and visitors has dynamic potentialities for building good will.

Very truly yours,

E. B. Evans
President
